(e) if so, the details thereof and the time by which these Institutes are likely to be set up, State/UT-wise; and

(f) whether the Government has set up/ proposes to set up new super speciality hospitals/upgrade hospitals in the country and if so, the details thereof along with the funds allocated for the purpose during each of the last three years and the current year, State/UT-wise?

Answer

THE MINISTER OF HEALTH AND FAMILY WELFARE

(SHRI JAGAT PRAKASH NADDA)

(a): The Central Government is setting up new AIIMS in a phased manner in different States under Pradhan Mantri Swasthya Suraksha Yojana (PMSSY) which aims at correcting the imbalances in availability of affordable / reliable tertiary level health care and to augment facilities for quality medical education in the underserved areas.

(b): Six new AIIMS have been set up. These are AIIMS Bhopal, AIIMS Bhubaneswar, AIIMS Jodhpur, AIIMS Patna, AIIMS Raipur and AIIMS Rishikesh. In each of these new AIIMS, three batches of MBBS students and two batches of B.Sc. (Nursing) students are receiving education. Hospitals in each of these AIIMS are functional to a limited extent. Construction work of residential complex of AIIMS, Rae Bareli is in progress.

(c): Yes. The Ministry of Health & Family Welfare has requested the Chief Ministers of different States to identify three or four locations for setting up of new AIIMS. Approximately 200 acres of land at a location is required for establishment of one AIIMS-type Super Speciality Hospital-cum-Teaching Institution. The location should have road connectivity, availability of water and electricity. The State Government has to undertake to provide free of cost land and other required infrastructure such as suitable road connection, sufficient water supply, electricity connection of required load and regulatory/ statutory clearances for the purpose. A check-list for each of the suggested locations by State Government has also been circulated among the States.

(d)&(e): Governments of Andhra Pradesh, Assam, Goa, Gujarat, Karnataka, Tamil Nadu and West Bengal have identified locations for proposed AIIMS. They have been requested to give details as per check-list and also ensure that locations are as per requirements communicated to them and also mentioned at (c) above.

(f): Under PMSSY, existing Government Medical Colleges/Institutions are upgraded to super speciality levels. So far, 58 Government Medical Colleges/Institutions under three phases of PMSSY Upgradation have been covered. In his Budget Speech, the Finance Minister has announced taking up of 12 more Government Medical Colleges/Institutions for upgradation. Details are at Annex.
